

THE S W E E K L Y N E W S

A weekly newsletter curated by the MSOE Society of Women Engineers

The SWE Mission

Empower women to achieve full potential in careers as engineers and leaders, expand the image of the engineering and technology professions as a positive force in improving the quality of life, and demonstrate the value of diversity and inclusion.

The SWE Vision

A world with gender parity and equality in engineering and technology.

Girl Scout STEM Day

Thank you so much to everyone who volunteered at the event.

SWE T-Shirt Contest

Would you like to see your designs on a T-shirt? The contest is on, create a design and submit them using the QR code or send Claudia (poptilec@msoe.edu) the .png design file!

- MSOE and SWE must be mentioned somewhere on the shirt
- Submit design by week 5 (Friday, October 7th)
- If you are a national member of SWE, your shirt cost will be covered!

Mingling and Mocktails

SWE would like to thank everyone who came to our annual networking event – Mingling with Mocktails. We had over 36 students come and mingle with 8 various companies! We also raised about \$2000 to fund our girls going to the annual SWE Conference, WE22, in Houston, TX next month. The event itself was a success and all companies are happy to partner with SWE in the future. Scan the QR code to receive more information about the companies at the event. We hope to see you at other SWE events this year!

Milwaukee Tool Presentation Oct 10th

Join two women engineers from Milwaukee Tool as they do a live deconstruction of the M18 FUEL™ SAWZALL® Reciprocating Saw. They will talk through the mechanical and electrical engineering product design process and share their experience as kick-butt women in the workforce.

Opportunities for questions on technical and personal aspects of the job are welcome. Lunch will be provided (gluten free & vegetarian options available). Please RSVP using the calendar invite by Tomorrow.
